Back-To-School For Lemon Grove Youths

Over 4,000 youngsters will begin classes Monday in the Lemon Grove School District.

That number was given as the projected enrollment for the District's six elementary schools and two junior highs. The latter schools will service 1,000 pupils while the remainder will attend grades one through six plus kindergarten.

Monterey Heights, with principal W. Arthur Thomas, expects 600 students, the largest number for any district school.

By Wednesday San Altos had topped its projected number of 550 by 38 pupils. Dr. Douglas Giles is principal.

San Miguel is close behind with 560 under the direction of principal James Terry. Golden Avenue, 480; Mount Vernon, 450; and Vista La Mesa, 450, follow.

The junior high enrollment prediction showed 450 students for both Lemon Grove Junior High and Palm Junior High.

However, at presstime Wednesday, L.G. Jr. High reported an enrollment of 513.

The junior highs held seventh grade orientation this morning from 9-11 a.m.

The District has hired 14 new teachers, all replacements for vacant positions. The staff will remain at 150 as there was not a sufficient increase in student enrollment to warrant the hiring of additional teachers.

Following are the regular time schedules for the District schools:

High Schools Show Large Pupil Increase

This area's two high schools will start the 1966-67 fall term Monday with an expected enrollment totaling 3,989 students.

The breakdown shows Mount Miguel with a predicted enrollment of 2,319 and Monte Vista as 1,670. Last June Mt. Miguel finished with 2,179 while Monte Vista was 1,418.

Grossmont Union High School District figures show a predicted enrollment for the eight high schools of 15,102, an increase over last year's 13,998.

Principal Robert C. Brady at Monte Vista said his teaching staff is up 15 members over last year. Eight are due to growth in the school's enrollment.

Mel Grant, headman at Mt. Miguel, said his school would employ five new teachers as a result of growth. There are also replacements due to resignations and transferrals.

Monte Vista, which held orientation today for freshman students from 7:45-11 a.m., will start classes Monday at 8:30 a.m. with a 2:59 p.m. closing time. Miguel's hours are 8:05 a.m. and 2:45 p.m.

The DIMMER VIEW

'Kill The White Devils'

Kill the White Devils.

"This (picture of an) African Negro is one of twenty thousand innocent civilians brutally murdered by the white devil soldiers. Now the white man's day is over.

"We will kill the white men. We will have the white women for our pleasure. We will smash out the brains of the white babies against the nearest tree. The time to begin is soon. Watch for the sign.

"Only through the World Court can all Negroes find Peace.

"Only through the World Court can all Negroes find Justice.

"Only through World Communism can all Negroes find equality.

"Only through Bloodshed can all Negroes find Freedom.

"START A RIVER OF BLOOD.

"KILL THE WHITE DEVILS."

The above exhortation was not delivered in Africa . . . nor in Asia, nor even in Chicago or deep South. It was delivered last week in Lemon Grove.

The handbills were distributed by persons unknown and were surreptitiously left in at least one place of business in the center part of town.

There are no racial problems in this community. There have been no utterances from anyone that would indicate discrimination of any degree nor racism of any character.

Yet, these inflamatory pamphlets showed up in Lemon Grove Friday.

What does it mean?

It means that there was an invasion of those who would incite and who would agitate, and who would attempt to create unrest.

These are of the same ilk who are creating the atmosphere for stone-throwing riots in other parts of the nation.

It is obviously an attempt to stir up dissention in a community where none presently exists.

Logic tells us the distribution of these pamphlets is the handiwork of Communist sympathizers.

But our guess is that the seeds will fall on fallow ground in this race-problemless community.

Can S.D. Win Back Del Mar?

Ded Mar Race Track, Inc., formerly a group of San Diego business leaders, will make a bid next week for the operation and control of Del Mar Race Track, if all goes well.

Such worthies as Irvin J. Kahn, a real estate developer, Walter Wenke, president of Time Savings and Loan Association, Clinton McKinnon, newspaper publisher, and John Straza, an industrialist whose plant is in El Cajon, are the ramrods of the program.

It is proposed that residents of San Diego County would buy 10,000 shares in Del Mar Race Track at a cost of $1,000 each share to underwrite $10 millions of the cost.

$250,000 will be put up by the organizers. They will have an option to purchase another $250,000 worth of stock at a later date.

Such a proposition, if successfully executed, would bring the race track home where it belongs. It is no secret that the plant has physically gone to pot during the past several years

CHP Patrolman To Speak Friday

State Traffic Officer John Annis will be guest speaker at Friday's Lemon Grove Men's Club noon-luncheon meeting and will answer questions about traffic enforcement and other phases of the California Highway Patrol.

The weekly meeting is held at Brunswick Bowlero, 7065 Broadway, Lemon Grove.

REGISTRATION — Grossmont Junior College held registration Thursday and Friday of last week, processing 4,500 students of a projected day and night enrollment of 5,100. Students not yet registered will do so tomorrow. Shown is the registration room at the college's Student Center. Registration proceeded without delay. A new system allowed students to complete their registration in a maximum of five minutes. In past years, students sometimes had to wait for several hours before completing the process.

Peace Corps Volunteers

Peace Corps Takes Lemon Grove Couple To British Honduras

By Norm Hutsell

Would you take a loss of $25,000 in income over a two-year period in order to help others?

Most people probably would say no, but Ed and Betty Hopper of 8175 Palm St., Lemon Grove, have said yes—they've joined the Peace Corps.

The 10-year residents of Lemon Grove arrived Wednesday afternoon in Belize City, British Honduras, for the start of a 24-month term as Peace Corps volunteers.

Ed, 56, has been employed at Convair as a $14,000-per-year electrical engineer. He holds a Bachelor of Science degree in electrical engineering from Rensselaer Polytechnic Institute of Troy, N.Y.

A "Bonus"

The couple will receive $100 a month to pay all living expenses plus a "bonus" of $3,000 when their tour of duty ends.

Ed will work with the B. H. National Electricity Board, aiding them in modernizing their electric power system. Betty will teach sewing and homemaking skills for the Christian Social Council.

The Hoppers first thought of entering the Corps last year when a Spanish teacher at one

'Centralized Government Coming', Mayor Curran Tells L.G. Chamber

"Someday we'll have to have centralized government for communities contiguous to the metropolitan area of San Diego," Mayor Frank Curran told the Lemon Grove Chamber of Commerce Tuesday.

"We neither encourage annexation or discourage it, but a way must be found for more efficient government services without making the cost prohibitive," he said.

Chamber president Sam Smith pointed out that there was no organized move afoot to annex or incorporate.

"We should have knowledge of all possibilities of future community development," he said.

Mayor Curran emphasized "there are no cheap bargains in government services. You pay for what you get. If Lemon Grove annexes to the City the cost would be the same but the distribution of the various taxes would change. The cost would be neither more nor less."

He compared the makeup of surrounding county communities to "a dozen mom & pop grocery stores. A dozen small markets operating under centralized management are much more efficiently operated than 12 different stores. That's why mom & pop stores have all but disappeared," he said.

"If a study of annexation is requested from the City, it would have to be backed by a representative group of residents. It costes too much in manpower and money to produce a study. There would have to be a sincere intent," he added.

"The thing we want to avoid is an emotional approach. If annexation is being considered, let's not choose up sides as it has been done in the past. A request for the study must result from a desire of a representative group to seek enlightenment and the group should be able to decide what level of services it wants.

"We view the greater San Diego community as a whole. We want to do nothing that hurts any district or any community. Our theory is that if it isn't good for all the communities and districts involved, it is good for none," he said.

School Milk Up A Penny

The cost of education is going up in Lemon Grove!

Well not education as such — but one of the most valued commodities will cost more as youngsters go back to school. The commodity is milk.

According to Mrs. Ruth F. Pfister school lunch supervisor, school milk prices will rise from five cents to six cents because government milk subsidy has been reduced and that means parents make up the difference — a penny a hald pint carton.

Lunches will remain the same, she said. The prices are 30 cents for students in grades 1-6 and 35 cents for junior high school students. Lemon Grove schools serve type "A" luncheons, according to Mrs. Pfister and there are no grades better than that.

Braden Asks Parents' Cooperation With Schools

Thomas W. Braden, president of the State Board of Education, said this week the time has come for parents to return a favor to the schools.

"Parents," Braden said, "are making increasing demands on the schools and on those who labor in them, and the schools are assuming more and more of the responsibilities formerly reserved to the home and family.

"Education, however, must always be a cooperative enterprise between the school and family, and I therefore have no hesitation in asking parents to cooperate. I ask that prior to the resumption of classes, each parent sit down with his child for a few extra minutes and stress these points:

'1. Good citizenship is not a product of courses in citizenship. It is based on a student's respect for law and order, meaning to most students respect for school regulations and for teachers.

"2. A good academic start on the school year is worth many times as much as belated effort.

"3. Respect for and cooperation with the teacher can bring joy of learning, lasting friendship and memories which will lend strength to a lifetime.

"4. Vandalism or careless use of school property, whether a building, a playground, a desk or a book, is self-destruction, for the schools belong to you, your father and your mother.

"Galileo once observed, 'You cannot teach a man anything; you can only help him to find it within himself.'

"To the extent that our children in this new school year can find within themselves the model of what they want to be, and what they want California to be," Braden concluded, "our future and theirs will be brightened."

A 36-year-old Spring Valley man died Sunday morning in a fire at the home of his father.

The body of Raymond Griffin of 8611 Valencia St. was discovered after Spring Valley firemen knocked down the major portion of the fire at the residence of Gerald Griffin, 72, of 9150 Olive Dr., Spring aVlley.

Raymond and his brother John, 42, of 499 Woodlawn Ave., Chula Vista, had been visiting their father and brother William, 25, who lived with his father.

William was awakened by smoke and broke a window to escape. John exited through the front door and both returned to rescue their father through a window.

They left the premises, believing that Raymond had gone home earlier. Firemen discovered the body after answering the call at 5 a.m.

The coroner's report stated death was due to smoke inhalation and excessive burns.

Spring Valley Fire Chief Frank Berger said the building was "basically a total loss." The cause has not been determined and is under investigation.

Housing Needed For JC Students

There is a continuing need for private housing for Grossmont College students according t the College Actitities' Office.

"An increase in enrollment of foreign tuition students a well as greater numbers of local students who choose to maintain their own residence helps account for a housing shortage," stated Dean John A Burdick.

Persons having rooms available with or without board, may call Grossmont College at 465 1700, ext. 268, during business hours. A listing will be taker and maintained for interested students to inspect.

"The College assumes no liability for off-campus housin either to the student or to the landlord," added Dean Burdic "This is simply a clearing house function for service to interested parties."

Read II Corinthians 3:1-6

Ye are our epistle written in our hearts, known and read of all men. (II Corinthians 3:2)

The Christian gospel is no mere words but a living practice. The Lord's word is so mighty that it raises to new life men dead in trespasses and sins. God's good news creates new creatures, new witnesses of His power, new examples of His love.

In a small village in Bosnia in the forest of central Yugoslavia, there lives a certain believer in Christ. Though he is not some important man, but a simple poor farmer, he still is very well known to the people in that region because of his Christian witness. You can ask the people in that area perhaps as far as in the tenth village from him: "Where lives the 'new believer'?" as the people call him, and everybody will tell you his address.

There are also in that area some people who do not know how to read or write. They have the wonderful opportunity to read the epistle of Christ written not on paper, but in the life of this devout follower.

Prayer: Our heavenly Father we pray for Thy mighty power so that we can be able to live here for Thee and to be a living epistle of Christ known and read of all men. In His spirit we pray, as He taught us "Our Father who art in heaven . . . . Amen."

Thought for the day: In my life and work, will I be a living epistle of Christ today?

Vaccinations Urged For Influenza Prevention

Vaccination now will help forestall a repeat of last year's heavy and costly influenza epidemic, Dr. Robert Rosen, Lemon Grove-Spring Valley area chairman of the Tuberculosis & Health Assn. of San Diego County, reported yesterday.

Citing a report of the influenza surveillance unit of the state health department, Dr. Rosen noted that annual immunization against flu is recommended for persons over 45, pregnant, or suffering from TB or other lung diseases, heart disease, or diabetes. Recommendations for children and other individuals vary.

"The shots should be started in September to provide maximum protection during the winter 'flu season'," Dr. Rosen said.

He added that county residents should consult their own physicians now about their personal protection.

State health department statisticians do not expect a heavy outbreak of influenza Type A this year. This was the severe strain that hit every county in the state last year, pushing industrial and school absenteeism to new peaks. But an outbreak of milder, but still troublesome, Type B is forecast.

'Proper immunization will protect many persons," he said.

Those wishing background information on flu, its prevention and treatment, may obtain a free pamphlet, "Influenza; the Facts," from the local Christmas Seal agency at 3861 Front St., San Diego, Dr. Rosen said. Christmas Seal supported pamphlets describing TB, emphysema, bronchitis, and other respiratory diseases also are available.

America's high-level of farm productivity is generated by fewer people than live today in the State of California. U.S. farm population today is only 12 million.

President George Washington's favorite frozen dessert was strawberry ice cream, and he would frequently order as many as 100 pints at one time.

Flower Photographer Blossoms With A Bang

by Max Goodwin

A Lemon Grove woman, recentenly turned photographer, has just earned the unique distinction of seeing her photographic work as a full page cover for a world-wide magazine. And the picture is in full color, too!

The woman, Joan Van Zele of 8306 Golden Ave., took up photography a little over two years ago. Not only was her art accepted for the September issue of "African Violet", but he has been commissioned to supply the color covers for the January and April issues, also.

She uses a Nikon 35mm and a Super Graphic press 4x5 camera. She does her own developing and printing in her $8,000 darkroom in her home.

"When I went to Japan three years ago I bought the Nikon and not a single picture came out," Mrs. Van Zele said.

Mrs. Van Zele set out to learn how to successfully operate the Nikon. This led her to building the darkroom with the aid of her father. The darkroom is to be the subject of an article in a forthcoming "Photographic Society of America Journal". The darkroom is chuck full of equipment including two temperature controlled sinks.

She does not sell pictures. "If I sold a picture it would take all the fun out of it," she said.

Recently, she started making wedding pictures for friends.

"I make the pictures in lieu of a wedding present," she said.

She has just completed making six 8x10 color pictures of African violets which will be the sole photographic display in the lobby of the St. Clair hotel in San Jose when the Northern California African Violet Conference is held there in October.

She doesn't raise violets, she says but she goes to violet meetings around the world and takes pictures. She recently attended such a meeting in Miami.

She is also a cat photographer. Her interests turned to cats because she has managed cat shows for several years. She manages shows because she likes cats. As with violets, she neither raises nor shows cats. Her interest is photography.

Because of her early successes in color phtography it is apparent that Mrs. Van Zele will make a useful contribution to the world of photographic art.

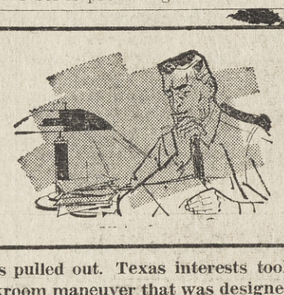
The DIMMER VIEW



(Continued)

after the Bing Crosby interests pulled out. Texas interests took over apparently through a backroom maneuver that was designed to "keep the Los Angeles 'money changers' out."

The philosophy probably worked out about right because it is simple to restore the plumbing and paintwork at a race track but awfully hard to regain its character.

Even COMBO's attempt to acquire the track and use the proceeds for San Diego charity left much to be desired. There are those in San Diego who prefer that charity be operated as such and that race tracks be run as race tracks. As a matter of fact, some two dollar bettors feel no urge of charity at all.

We are hopeful that the 22nd District Agricultural and the California Horse Racing Boards will see the wisdom in permitting the track to be operated by local interests and let County residents buy stock in the track to share in its profit. The Boards may wait until December 31 to decide, however.

The principals are capable, too. It would be hard to put together a group with a greater history of success than these men possess.

It should be noted, however, that the group of sponsors are generally active in the Democratic spectrum of politics. This suggests that they will have a little edge in getting the OK of the two Boards in control if the Boards consider the request before the November elections. After that, according to most all the present polls, they may have to try to do business with unfriendly natives.

CHP Tops Nation In Traffic Management

California, scoring 98 of a possible 100 per cent and topping the list, has received an Outstanding Achievement Award for police traffic management activities in 1965, California Highway Patrol Commissoner Bradford M. Crittenden announced today.

This is the fifteenth consecutive Outstanding Achievement Award given to California by the International Association of Chiefs of Police, Inc. In 1965 the award was given to only seven states and 12 cities. Of the 12 cities, eight are in California.

The award is based on an evaluation of improvements and performance in traffic supervision. Areas considered in the evaluation included training, accident investigation, traffic law enforcement, and driver intoxication enforcement.

The city police departments receiving the Outstanding Achievement Award in California were Los Angeles, Oakland, Long Beach, Burbank, Santa Cruz, Mountain View, Palm Springs, and Milpitas.

There were nine California cities of a total of 27 throughout the country honored with a Certificate of Achievement Award. The nine were San Jose, Anaheim, Glendale, Fullerton, Palo Alto, Vallejo, Fairfield, Chico, and Manteca.

Commissioner Crittenden offered his congratulations to the 17 California city police departments receiving awards.

Peace Corps-

(Continued)

of the area adult high schools suggested they look into the matter. The teacher was from Paraguay and was helping Peace Corps volunteers learn Spanish.

"I thought it was a joke at first, but after awhile, I seriously considered it and though the Peace Corps might be a pretty good thing," Ed relates.

Training Program

The Hoppers contacted the Corps and the wheels started rolling. The first real test came this past June when they entered a 10-weeks Corps training program at Lincoln University in Pennsylvania.

"It was rough," Mrs. Hopper recalls, "They woke us at 5:30 in the morning to exercise at 6. The day usually ended at 9:30 at night — sometimes longer."

Both said the numerous shots they received didn't help the situation.

They took classroom instruction, familiarizing themselves with both British Honduras and United States history, culture and world affairs.

"In 10 weeks, they taught us the equivalent of one year's college instruction," cited Ed.

"Charming People"

Included in the 10 weeks was a meeting with some British Honduras nationals, whom the Hoppers described as "charming and wonderful people."

The Hoppers were still excited last week about going to B.H., despite learning of their living quarters and other discomforts.

"We will be living in a 15 feet by 15 feet room on stilts above the ocean. Showers will have to be taken in the afternoon as water has to be heated by sunlight in open containers on the roof," said Mrs. Hopper.

"However, the more we learn of the insects, humid weather and other bad features of the country, the more we get excited about going there," she stated.

Avid Campers

The Hoppers have had some practice, though, in "roughing it." They've beed avid campers for many years and "have spent a lot of time without the use of modern conveniences."

As for their reasons for going, both state a willingness to help others.

"I haven't had a lot to do since the children (four) have grown up. I decided I wanted to do something before I got too old to do it," Betty said.

Ed said, "It's hard to pinpoint a reason. I haven't been to materialistic. I can do without the idiot box and fancy automobiles. I guess it's a welcome change and a chance to help.

Top milk producing county in the U.S. in 1965 was Los Angeles, with its 78,000 dairy cows producing over 127 million gallons of commercial milk last year.

Starlight To Close Successful Season

Starlight's production of the Rodgers and Hammerstein classic "South Pacific" resumes the second portion of its eight-performance run at Balboa Bowl tonight at 8:30 p.m. The musical will be performed — also at 8:30 — this Friday, Saturday and Sunday.

Based on the novel "Tales of the South Pacific" by James A. Michener, "South Pacific" stars Pat Zambrano as nurse Nellie Forbush and Les Cozzens as Emile de Becque, the dashing middleage French planter who gets enveloped by war and love on an island in World War II.

William J. Adams directed this, the last of four Starlight productions for the current season. Adams also directed the season openers, "Flower Drum Song" and "Kiss Me, Kate". Arthur Noll directed "Tom Sawyer", the third Starlight musical, which played the Bowl Aug. 11 to 21.

Unforgetable songs such as "Bali Ha'i", "Younger Than Springtime," "Happy Talk," "There is Nothing Like a Dame," "Honey Bun," "Some Enchanted Evening," and "Bloody Mary" have made "South Pacific" one of the most popular and enduring musicals ever to entertain the American public.

Tickets are available in advance at Starlight Box Office in the Community Concourse or at the Bowl immediately preceding performances.

Guest Takes Holiday Main

Lakeside's Dick Guest won the featured holiday 50-lap main event last Sunday night at Cajon Speedway.

Guest won over favored Russ Bullen, current point standings leader, and challenger Vance Butler of El Cajon. The latter set a new track record for one-lap in the evening's qualifying. Butler piloted his car to a clocking of 18.89 seconds, the first sub-19 second time ever.

Both Bullen and Butler cracked up their machines, Bullen going out after five laps and Butler following.

The trio will be challenging each other this Friday night when another Super Stocks racing program is held.

The Modified Sportsmen race Saturday night with Jack Clegg of Santee in the favorite's role.

Clegg, the track's hottest driver of late, won last Saturday night's feature event including three other racing events on the card. He now is only 115 points behind Bakersfield's Frank Secrist in the point standings.

Silver Sombrero Handicap To Have Seventh Running

Final stakes fixture of the summer season will be presented at Caliente next Sunday with the seventh running of the $5,000-added Silver Sombrero Handicap over the mile and one-eighth course.

In recent years the handicap has become one of the more popular attractions on the calendar, because the winning owner receives not only the major portion of the purse but also a magnificent, full-sized replica of a sombrero made of solid silver. Created by a well-known Mexican silversmith, it is regarded among the turf's most beautiful awards.

During its comparatively brief history, the stake has been won by a succession of top thoroughbreds, the last of which was Zooron, who captured the 1965 renewal by going the distance in 1:49, just four ticks off the track record.

It is anticipated that the bulk of the prospective field for the 1966 edition of the Silver Sombrero will ship across the border from neighboring Del Mar, although the home guard will have good representation. Chief among the nominees coming from Del Mar is the May Stock Farm's well-known filly, Gala Host, who launched her successful career at Caliente, then became a stakes winner in California.

Also representing the distaff side will be N. P. Trist's Miss Belle, who wound up second behind First Prom in Sunday's Labor Day Purse with a good mile effort which demonstrated her fitness for the longer distance required in the Silver Sombrero.

Among others nominating are Rey Tuerto 2nd, Tenth Legion, Clemalda and Maker Mark, all from Del Mar, and Cherry Brandy, a plater who has won five races in a row and is seeking a chance in tougher company.

Arena No Longer 'Naked'

Tangible evidence that the new $6.5 million San Diego International Sports Arena is nearing completion was eveident to passersby in the Midway-Frontier site of the multi-purpose indoor facility this week.

The evidence came as a result of erection of the lower wall panels to form the outside shell of the arena.

The previously naked structure, covered only by a metal roof, was "dressed" for all to see this week with the actual enclosure of the building by the 36 wall panels.

The panels, part of the present operation involved in the completion of the giant "jigsaw construction puzzel," are 18 ft. 2 in. in height

Inside the arena, installation of seat sections to hold the more than 11,000 permanent, individual, theater-type seats was completed this week.

Three major projects now underway at the arena sites are:

Installation of the ice rink floor; formation of the dressing and storage rooms; and completion of the second steel erection for support of the roof at the ends of the building.

Gale Medlicott, vice president of Trepte Construction Co., general contractor for the project said work is on schedule for the arenas Grand Opening.

The premiere event in the fully air condititoned multi-purpose facility will be held Nov 17 when the new San Diego Gulls hockey team meets the Seattle Totems.

Hayes clocked an elapsed time of 14.69 seconds and a top miles per hour of 88.66.

Another local winner was Steve Sarat of Spring Valley. Sarat, driving a 1963 Ford, took class 11 with marks of 19.77 e.t. and 52.72 mph.

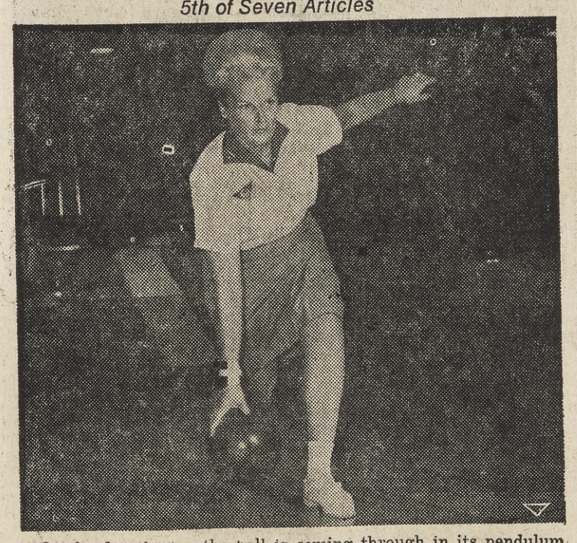
Bowling For Better Scores

By Evelyn Teal. . . . . 1964-65 All American Team

Completion of the Four Step Delivery

5th of Seven Articles



In the fourth step the ball is coming through in its pendulum swing. Here is where a bowler must emphasize timing and coordination. The right arm is heading toward the foul line as the left foot simultaneously goes forward to the foul line. The right foot is off the lane and acts as a counter balance between the weight of the ball on the right side and the sliding left foot. The shoulders are still parallel to the foul line, the body is still bent slightly at the waistline, and if the first three steps above have been executed properly, the bowler will be in perfect position to release the ball. It must be remembered that the fourth step is generally a slide. The left foot slides directly toward the pins and never, repeat never, should be turned to a parallel position with the foul line.

No other protests or objections will be considered. If the person signing the protest is not the owner shown on the last equalized assessment roll, the protest must contain, or be accompanied by, written evidence that such signer is the owner of the property.

Boston Aims At High-Flying Chargers

The San Diego Chargers, flying high after an impressive 27-7 victory over defending American Football League champion Buffalo in the league opener, will seek to keep from being shot down by an upset-minded Boston Patriot crew Saturday night.

It will mark Boston's 1966 regular season debut. The Patriots were beaten in Balboa Stadium earlier this year in an exhibition contest, 31-13.

A crowd of more than 25,00 is expected to see the Chargers battle the same club that has won four of the last five regular-season games in San Diego.

Boston's offense is led by veteran quarterback Babe Parilli, end-placekicker Gino Cappelletti and sophomore fullback Jim Nance. The latter is referred to by some AFL personalities as "the finest fullback in the league."

Ends Bob Dee and Larry Eisenhauer and tackles Jim Hunt and Houston Antwine along with linebacker Nick Buoniconti shore up the Boston defense.

San Diego received top performances from QB John Hadl, fullbacks Gene Foster and Jim Allison, and ends Jacque MacKinnon and rookie Gary Garrison along with always dependable Lance Alworth in last week's opener. Sid Gillman expects more of the same Saturday night.

Defense was where the Chargers stood out the most last week. Responsible for the fine showing were end Earl Faison, tackle Steve DeLong, the entire linebacking corps, and defensive backs Miller Farr, Speedy Duncan, Kenny Graham and Bud Whitehead. Also turning in creditable games were linemen George Gross and Bob Petrich.

Capetillo Wins Ears And Tail

Manuel Capetillo lived up to his reputation as Mexico's top matador last Sunday at the downtown bullring, becoming the second matador this season to win ears and tail.

Humberto Moro and Guillermo Carvajal were both nervous and failed with the sword They earned no awards.

Capetillo also garnered an ear his first time out when he dropped his opponent with a single well-placed thrust.

With his second bull, a hard charging animal, he heard applause for exciting capework and smooth muleta passes.

The bull was dragged around the arena as a salute to his bravery before Capetillo joined the breeding ranch owner in a victory lap. There is no program this Sunday.

Rough Water Swim On Tap Sunday

From the Biological Pier Swim of 1916 won by Charlie Shields to the present triangular course starting and finishing at the Cove, dominated the past three years by Andy Strenk, the La Jolla Rough Water Swim has been one of the most colorful aquatic events in the nation.

This year's 35th renewal Sunday at 2 p.m. should be no exception.

Some 200 swimmers are expected to respond to the starter's gun by running to the water's edge and jockeying for position as they start the mile-long swim. A little over 20 minutes later the first finishers will hit the beach to the cheers of a crowd of some 10,000 lining every available inch of shoreline.

The swim is the feature event of an Aqua Fiesta that also include the Junior Rough Water Swim and the Pacific Coast Paddleboard Championships Band music will be provided between swimming events. Festivities start at 12 noon and admission is free.

San Miguel PTA In First Meet

San Miguel PTA opened the new school year with a board meeting conducted by Mrs. Mary Taylor, president, in the school conference room.

A report was given by Mrs. Charles Grove, Backyard Swim Chairman, on the success of the program this summer. She said that with the generous donations of four pools and the voluntary assistance of seven mothers, 85 children were instructed in water safety. Of these, 12 passed their beginning swimmer's requirements and will be able to go to a more advanced class next summer.

Hospality chairman, Mrs. David Brooks, announced plans for a luncheon to be sponsored by the board. It is being held this week on Thursday in the cafetorium to honor the San Miguel staff, the pool owners, and instructors who helped to make the Backyard Swim program successful.

There will be a few changes in staff and procedures this school year, according to Jim Terry, principal. He said Parent Orientation sessions would be held in classrooms the last week in September as in previous years. These sessions afford parents an opportunity to meet teachers and learn about the material to be covered this school year.

Pool Incident Brings Suit

$50,000 personal injury suit filed Tuesday in Superior Court alleges that a 200-pound Lemon Grove man jumped on a 15-year-old boy and held his head under water in the man's swimming pool.

The suit was filed by Mr. and Mrs. Ward T. Laub, 2140 Bonita St., on behalf of their son, Danny Jon. Named defendant is Ralph R. Hughes, 2004 Bonita St.

According to the complaint young Laub was swimming in the Hughes' pool when Hughes jumped on him, grabbed him by the neck and held his head under water. In the struggle, Laub allegedly suffered a possible fratcured vertebra, dislocated vertebra, torn neck tissue and sprained muscles.

Hughes "intended assault and battery and the consequences of his actions," the suit alleges.

Probation Department Criticism Brings Study

SAN DIEGO (CNA) — The County Board of Supervisors Tuesday agreed to a far-reaching study of the County Probation Department.

The board had already agreed to the study and the approval was of specific terms as outlined by Chief Administrative Officer T. M. Heggland. The study will be conducted by the California Youth Authority but will not be limited to the youth-related functions of the probotion department.

Board Chairman De Graff Austin's letter to the CYA says there is no attempt in submitting the outline to limit the scope of the study or to specifically exclude any area. He said the board intends for the Youth Authority to have complete freedom.

The probation department has come under criticism in recent months from parents of youths in custody of the department. Chief Probation Officer Charles Rogers has defended the department and said that he welcomes the CYA study.

Military 'Fat' Says Cardiologist

One of the nation's leading medical authorities who says the armed forces dietitians are fattening up our servicemen like porkers will address San Diego County physicians Oct. 1.

He is Dr. George C. Griffith, emeritus professor of medicine, University of Southern California. He is one of five universally recognized cardiologists on the faculty of the San Diego County Heart Association's 16th Annual Professional Symposium on Cardiovascular Diseases. Sessions will be held in the Town and Country Hotel Sept. 30 and Oct. 1.

Dr. Griffith contends that military mess fills servicemen with flabby fat builders instead of muscle making foods. Many messhall menus are loaded with cholesterol and saturated fats, says the noted cardiologists.

He warns of dire results. Over a period of time, this may contribute to a thickening of the artery walls that could lead to a stroke or a heart attack, says Dr. Griffith.

Marine Families To Receive Aid

A Family Assistance Program to aid the increasing number of San Diego families of Marines assigned overseas goes into effect here this month with services provided by the Marine Corps Recruit Depot and other agencies in the San Diego area.

The plan is designed to insure assistance to Marine dependents when problems arise, thereby improving the morals and performance of men separated from their families by tours of duty ranging from 12 to 36 months.

Many services will be made available under the program. Among them are legal aid, advice on financial matters and medical care, religious guidance and emergency assistance.

MCRD seeks to compile and maintain a current list of all Marine families living in the area who have been separated by overseas commitments, regardless of the length of separation.

Dependents in the San Diego area are asked to contact the Depot Education Officer, ext. 243, during normal working hours, or the Depot Staff Duty Officer, ext. 777, after 4 p.m daily and on weekends.

Dear World: My Son Starts School Today

By Educationu News Service

(Editor's note: this letter was written by a Salt Lake City newspaperman whose son is starting to school for the first time.)

Dear World:

My young son starts to school today. It's all going to be strange and new to him for awhile, and I wish you would sort of treat him gently.

You see, up to now he's been king of the roost. He's been boss of the backyard. His mother has always been near to sooth his wounds and repair his feelings. But now things are going to be different.

This morning, he's going to walk down the front steps, wave his hand, and start out on the great adventure. It is an adventure that might take him across continents, across oceans. It's an adventure that will probably include wars and tragedy and sorrow. To live his life in the world he will have to live in will require faith and love and courage.

So, World, I wish you would sort of look after him. Take him by the hand and teach him things he will have to know. But do it gently, if you can. He will have to learn, I know, that all men are not just, that all men are not true. But teach him also that for every scoundrel there is a hero — that for every crooked politician there is a great and dedicated leader. Teach him that for every enemy, there is a friend.

It will take time, World, I know. Teach him to learn to lose nickel earned is of far more value than a dollar found. Teach him to learn to lose so he'll enjoy winning that much more.

Steer him away from envy if you can, and teach him the secret of quiet laughter.

Let him learn early that bullies are the easiest people to whip in the school yard. Teach him, if you can, the wonders of books. But also let him ponder the eternal mystery of birds on the wing, and flowers on a green hill.

In school, World, teach him it is far more honorable to fail than to cheat. Teach him to have faith in his own ideas, even if everyone says they are wrong. Teach him to be gentle with gentle people and tough with tough people.

Try to give my son the strength not to follow the crowd when everyone is getting on the bandwagon.

Teach him to listen to all men, but teach him also to filter all he hears on a screen of truth and take just the good that siphons through.

Teach him, if you can, how to laugh when he's sad but teach him there is no shame in tears. Teach him there can be glory in failure and despair in success.

Teach him to scoff at cynics and to beware of too much sweetness. Teach him to sell his brains and brawn to the highest bidder but never to put a price tag on his heart and soul. Teach him how to close his ears to a howling mob, but to stand and fight if he thinks he's right.

Teach him there are times when a man must gamble, and there are times when a man must pass the dice.

Treat him gently, World, if you can. But don't coddle him, because only the test of fire makes fine steel. Let him have the courage to be impatient, let him have the patience to be brave.

Let him be no man's man. Teach him always to have sublime faith in himself. Because then he will always have sublime faith in mankind.

This is quite an order, World, but see what you can do. He's such a nice little fellow, my son!

Dr. Love To Speak To Bostonia Lions

As a major feature of the annual Back-to-School Vision month observance, Dr. Russell Love, of Spring Valley, will address members of the Bostonia Lions club on the night of Sept. 21 at 7 p.m. it was announced today by Dr. Mason William president, San Diego County Optometric society.

The society annually sponsored the Back-to-School Vision month event.

The purpose of the month, explains Dr. Love, is to acquaint parents with the necessity for a periodic visit by the child to his or her vision specialist to detect, and correct, in most cases, visual defects which may cause school failure.

Dr. Love pointed out there are millions of youngsters in grammer school who have correctible visual defects, which may be causing them to do poorly in school.
